## TENTH CIRCULAR FOR ICES20: Greetings, Proceedings, and Photo Gallery

26 October 2018

Dear Participants,

This is the tenth circular from the Organizing Committee of the 20th International Conference of Ethiopian Studies (ICES20) that took place in Mekelle University in October 2018. This circular contains greetings from the ICES20 main organizing committee and first general information regarding the ICES20 conference proceedings.

Dear participants, it was an honor to receive you in Mekelle in October of 2018. Thank you for your participation and for enriching the university community! We have enjoyed your great academic and social involvement. With this circular, we would like to give you a first post-conference follow-up. First, we hope that you had a great time in Mekelle and enjoyed your stay in Ethiopia.

As communicated during the closing ceremony of the conference, the proceedings of the ICES20 will be published. At the moment, we are finalizing the necessary technical preparations for you so that you can submit your full article within about four months. We will shortly announce the submission requirements and other details after we have finalized them and discussed the details with the relevant bodies. The general idea is that we will provide you an online article submission platform. Already at this point we wish to stress that we prefer that papers presented at the ICES20 will be published in these proceedings, as they should be inclusive and represent the conference. If panel organizers plan a separate publication, we would like to be informed. The ICES20 website will continue to be functional, so please continue visiting it for more information.

As we are creating a photo gallery on the ICES20 website, we would appreciate if you could send us pictures you might want to share with the wider Ethiopianist community.

Have a very successful academic season.

Best Regards,
